

ACT/SAT Elements

SUMMER 2024

Prepare for success with our ACT/SAT Elements 101 and 102 courses, taught by our seasoned tutors. Elements 101 offers an introductory approach, blending BEC's core strategies with guided practice and classic concepts, covering everything from advanced geometry to calculator use. Building on this, Elements 102 delves deeper into specific strategies and testing formats, addressing timing intricacies and advanced concepts. Each class focuses on a specific subject or test, exploring structure nuances and classic problems. Elements 102 is the natural progression after completing Elements 101, ensuring comprehensive preparation for exam success.

ACT/SAT Elements 101

[REGISTER](#)
