

# Online 8th Grade Algebra Placement

MARCH / APRIL 2024

Our 8th Grade Math Placement Small Groups are designed to strengthen the skills necessary for taking the Algebra Exit Exam. These modular sessions, taught by our experienced tutors, are specially designed to help 8th graders gain familiarity with key math concepts and strategies through targeted small-group instruction. Featuring a common core-aligned approach and focused homework assignments, these classes are crafted to build students' Algebra skills, preparing them for placement exams.

## Algebra Placement Boot Camp

This 90-minute Boot Camp targets key components of the Algebra Placement test format and is an excellent final review.

**195/class**

*For additional practice, we recommend the [Princeton Algebra Book](#), though it is optional and can be utilized based on your student's individual learning preferences.*
